Declaration about Regulation n° 1907/2006/CE (REACH)

Dear Customer,

according to REACH Regulation (Registration, Evaluation, Authorisation and restriction of Chemicals) we state that **Sedes Group S.r.l. is "Downstream user" of chemical substances** and producer of articles, therefore it is **not bound to the registration of any hazardous substances**. Anyway, Sedes Group S.r.l. **pursues REACH values** with its production process: from this point of view, we have received from our supplier of raw materials and articles, all the information about the registration or exemption of their products according to REACH Regulation.

As your supplier, We confirm that **all the products we supply to You comply with the rules of the Regulation n° 1907/2006**. In standard working conditions established by our Data Sheet, our products don't release hazardous substances which have been listed by the Regulation. Furthermore, the same products do not contain SVHC substances above 0.1% weight/weight.

Any further modification or implementation to the Regulation, and its addendum, will be evaluated and, if necessary, you will be informed about any change of the status of conformity with the REACH.

Sedes Group S.r.l.
